# SSIR Eligibility Requirements

**ELIGIBILITY:** The SSIR is open to NHSRA members who placed 5th through 15th after their state/province finals. Each contestant may enter one extra event--in addition to those he/she qualified in--if not competing in that event at the National Finals Rodeo.

**NEW THIS YEAR...**we are opening up to the NJHSRA members who placed 5th through 15th after their state/province finals, the same as the high school. They will be competing only against the jr. high with their own division and prizes.

Team ropers, whose regular partners cannot attend, may pick another partner of their choice if that person team has competed in this event in at least 3 qualifying rodeos and will not be team roping at the National Finals Rodeo. A team roper who is picked up by a qualified roper may also enter one extra event. Only one extra event is allowed regardless of the number of events a contestant qualified in.

The Queen Contest is open to the 1st attendant to the queen, and 2nd or 3rd attendant may fill in if 1st attendant is unable to attend.
