

AHSRA

The purpose of the Arizona High School Rodeo Association (AHSRA) and AZ Junior High School Rodeo Association (AJHSRA) is to promote high school and junior high rodeo on a statewide scale and work towards bringing statewide recognition to the sport of Rodeo. The AHSRA and AJHSRA strive to promote professional conduct and good sportsmanship at various rodeos events.

Our mission is to offer kids in grades 6th-12th a chance to be competitive student athletes at the highest level of competition in their region, across Arizona and on a national level for championships and thousands of dollars in scholarships. We also encourage students to continue in school and to improve his or her's education.

This organization helps to prepare these young athletes for the next level of rodeo. We are a family oriented organization which encourages scholastic achievement through the high standards it holds for its members as students in the classroom and sportsmen in the arena. The cowboys, cowgirls and the animals used in the rodeo compete against themselves and the clock, as much as they compete against each other.

Keeping the Western Heritage Alive in America and the State of Arizona

★ AHSRA ★

AHSRA competitors are recognized for their successes both in and out of the rodeo arena. Participants go on and earn college degrees and are giving back to their communities as educators, physicians, ranchers, farmers, attorney's, financial advisors, veterinarians and business owners. Your support directly influences these future endeavors.
